

Vision Care 180

Benefits at a Glance

The AmeriHealth Vision Care 180 plan offers members comprehensive benefits, including routine eye care, frames and lenses. The vision program is easy to use. Benefits are maximized by using Davis Vision Providers that are conveniently located throughout the area, including Visionworks retail stores. Paid-in-full benefits for eyeglasses with standard lenses are possible when you choose from a select grouping known as the Davis Collection of Frames available at most participating providers.

Frequently Asked Questions

Below find answers to some frequently asked questions about how your AmeriHealth Vision benefit program works.

Who are the participating providers in the AmeriHealth Vision network?

Our administrator, Davis Vision, contracts with a national network of providers including ophthalmologists, optometrists and opticians. They are primarily licensed providers in private practice and retailers including Visionworks and Walmart. Please go to www.amerhealth.com to locate a participating 'Vision Provider' through the 'Find a Doctor' feature, or once enrolled, call the number on your Identification card.

If a retail location such as Walmart Vision Center is in the network, does that mean the doctor located in that store is in the network?

No. When going to a retail location such as Walmart Vision Center for eyewear purchases, you should always confirm the participation status of the on-site doctor who provides the eye exam, since each provider contracts separately with Davis Vision.

What are the advantages of using a participating provider?

- **Quality service standards:** all participating providers have been extensively reviewed and credentialed to NCQA standards to ensure that stringent standards for quality service are maintained.
- **Paid-in-full benefit available:** in addition to their own selection of frames, most participating providers have available the Davis Collection of Frames. This allows you to utilize the paid-in-full benefit available through your AmeriHealth Vision Program when frames are selected from the Collection with standard lenses - single, bifocal, trifocal or lenticular.
- **Spectacle lens options discount:** additional services such as anti-reflective coating and photochromic lenses are available at a discounted price.
- **Eyewear quality and value:** most eyewear (lenses, coatings, and frames) is fabricated on site at one of Davis Vision's Regional Fabrication Centers. This allows Davis to monitor quality assurance and costs associated with the fabrication process, thereby creating the most value for you, our member.
- **Warranty:** Unconditional one-year breakage warranty to repair or replace frames or lenses purchased at a participating provider for a period of one year. This warranty applies to all spectacle lenses, Davis Vision Collection of Frames and regional/national retailer frames, when the Collection is not available.

Will I need a claim form to receive services from a participating provider?

No, you will not need a claim form for in-network services. The process is simple. Here's what to do:

- Call the participating provider of your choice and schedule an appointment.
- Identify yourself as a member of AmeriHealth Vision, administered by Davis Vision.
- Provide the office with your ID number located on your Identification card and the name and date of birth of any covered dependent needing services.

It's that easy! The provider's office will verify your eligibility for services, and no claim forms are required!

Will I be able to choose any frame available at a participating provider?

Yes, you may apply the amount of your frame benefit toward any available frame that you choose. You can maximize your benefit by selecting frames from the Davis Collection of Frames, which offers you the ability to have a paid in full pair of frames. The Collection is available at most participating providers. The 'Find a Doctor' feature on www.amerhealth.com also indicates the participating doctors that have the Davis Collection of Frames available.

What types of frames are included in the Davis Collection of Frames?

The Davis Collection includes frames for men and women, adults and children. The collection includes many notable designer name frames that have passed rigorous inspections. This frame collection is typically updated twice a year.

How soon will I receive my glasses after they are ordered?

Your provider will advise you when to return to his/her office to pick up your new prescription eyeglasses. Delivery of your new eyeglasses to your participating provider from the fabrication center is generally within two to five business days of the doctor's submission of your order. More delivery time may be needed when out-of-stock frames, ARC (anti-reflective coatings), specialized prescriptions or a participating provider's frame is selected.

Where do I send the Direct Reimbursement Claim Form?

Mail your completed Direct Reimbursement Claim Form with receipts attached to:

Vision Care Processing Unit

P. O. Box 1525

Latham, NY 12110

To obtain a claim form, please visit www.amerhealth.com and click on 'Forms'. The AmeriHealth Vision Direct Reimbursement Claim Form is located on this Forms page under the Claims section.

May I choose different providers for my eye exam and materials?

You have the freedom to choose any participating provider for your eye examination and eyeglasses. Continuity of care may be best maintained when all available services are obtained at the same time from the same participating provider.
