

Green Building

CONFERENCE & TRADESHOW 2006

Thursday, December 14th
8:30am - 6:00pm
@ Bellingham Cruise Terminal

Green Building: *Creating the best quality commercial and residential projects, generating profits, and serving the community.*

FEATURING

Keynote Speaker, Jason F. McLennan, nationally recognized leader in the sustainable building industry, and recently selected CEO of the Cascadia Chapter of the US Green Building Council.

Workshops feature local and regional experts and focus on effective marketing, finance, design, construction, and the regulatory environment.

Trade show opportunity to meet 25+ purveyors of quality green products and services.

Learn about the active role Bellingham and Whatcom County are playing in the Green Building movement.

WHO SHOULD ATTEND

Architects, engineers, developers, real estate agents, lenders, builders, building materials representatives, landscape professionals, planning & building services professionals.
