

VANCOUVER LEED USER'S GROUP

Monthly Meeting

Purpose: To share information and experiences with other design professionals on how specific LEED® credits are addressed in real-world projects.

Format: Monthly one-hour lunch time meeting on the last Friday of every month. Guest speaker presents on how specific LEED credit(s) can be achieved, challenges, lessons learned, etc., followed by questions and answers.

Topic: **ASK AN EXPERT**

Take this opportunity to ask LEED developers, LEED Canada Reviewers and other Green Building experts your questions. Whether you're planning on writing the exam, working on a LEED project or just curious about some of the aspects of green building, this VLUG session will give you access to experts on many topics. You can bring your questions to the session or email them in advance to eesmyal@cascadiabc.ca

This months VLUG session has been rescheduled to December 1st due to a schedule conflict with the LEED CI Workshop taking place on Nov 24. Due to the free LEED Visioning session held in August of this year, you may find yourself with one un-used session on your 2006 VLUG card. 2006 cards with un-used session(s) can be used for one VLUG of 2007, or traded in for a discount on a 2007 VLUG card.
