

LEED-CI

Technical Review Workshop

Are you ready to meet the rapidly growing demand for green interiors?

LEED for Commercial Interiors (LEED-CI) is the highly anticipated green benchmark for the tenant improvement market. Attend the LEED-CI Technical Review Workshop presented by the U.S. Green Building Council. Gain the knowledge needed to enhance project performance, achieve LEED-CI certification and prepare for the LEED Professional Accreditation Exam.

September 21, 2005

8:30 am – 5:00 pm

Seattle, WA

**NHS Hall, Center for Urban Horticulture
University of Washington
3501 NE 41st Street
Seattle, WA 98105**

WHY LEARN ABOUT LEED-CI?

LEED-CI gives the power to make green interiors choices to tenants and designers, who do not always have control over whole building operations. You will learn how to successfully certify a high-performance LEED-CI interior that is a healthier place to work, is less costly to operate and maintain, and reduces the environmental footprint. The LEED-CI standard is already being used across the country and demand for LEED-CI expertise continues to grow. Attend the LEED-CI Technical Review Workshop to learn how to get involved with this growing trend.

WHO SHOULD ATTEND?

Industry professionals seeking to increase their understanding of the LEED-CI Rating System and green interiors strategies, benefits and resources:

- tenants
- developers
- designers
- engineers
- contractors
- manufacturers
- consultants

USGBC Members receive discounted registration rates on all workshop offerings.

JOIN TODAY to take advantage of this savings.

WHAT'S COVERED?

- Green building costs and benefits
- LEED-CI technical requirements
- LEED-CI certification process
- LEED-CI project case studies and strategies
- Available tools and resources
- LEED Professional Accreditation Exam overview

USGBC workshops are conducted by the top green building practitioners in the country. Workshop registration includes educational materials, lunch, and online access to the LEED-CI Reference Guide and LEED resources. Workshop attendees receive discounts on the hardcopy LEED-CI Reference Guide at registration.
