Year Remembered-

Do you know which projects received LEED Certification in 2004 in the state of Washington? Join us as we recognize and honor those who have blazed the trail before us.

CASCADIA

Cascadia is a chapter of the US Green Building Council (USGBC), the building industry's only balanced, nonprofit, consensus coalition promoting the understanding, development and accelerated implementation of "green building."

Cascadia serves its members by striving to fulfill the USGBC's mission, realize its vision, and accomplish its goals in the Pacific Northwest region.

MISSION

We create capacity for building sustainably in communities in the Oregon, Washington and British Columbia bioregion.

- We promote the design, construction and operation of buildings that are environmentally responsible, profitable, and healthy places to live and work.
- We serve our members and communities through development of industry standards, design practices and tools, policy advocacy, information exchange, and education.

GOALS

1. Support a thriving and diverse membership.
2. Accelerate mainstreaming of green building programs.
3. Build a strong resource base for critical program needs.
4. Forge strategic alliances.
