

Green Building Services, Inc. Seeking Project Manager

Green Building Services, Inc., a progressive, employee-owned professional services firm headquartered in Portland, Oregon is seeking a talented and experienced project manager to join our team. The ideal candidate will have at least 3 years of experience within architecture, engineering or other related field, be well versed with the USGBC LEED Rating System and will have worked on projects which have or are securing LEED Certification. The ideal candidate will also have extremely good organizational and communication skills and will enjoy the opportunity to work with project design teams. Additional consideration will be given to candidates with strong technical/computer skills, including any design simulation analysis experience, specifications and material research. Green Building Services, Inc. provides our employees with a fast-paced and enjoyable work environment, with opportunities for professional and personal development. We provide quality service to our clients, while ensuring the growth and well-being of our team. We have an excellent benefits package, including medical, dental, and stock ownership. Salary for this position will be dependent upon experience. The position will be based in our downtown Portland office, but will service projects around the country. All applicants should provide a cover letter and resume emailed to allyson@greenbuildingservices.com. No phone calls please.
