

# UNDERFLOOR AIR DISTRIBUTION SYSTEM WORKSHOP

The Cascadia Region Green Building Council and ASHRAE are pleased to offer an Underfloor Air Distribution System Workshop to be presented by Fred Bauman, PE, of the Center for Built Environment at the University of California, Berkeley. This full day event will focus on the opportunities and challenges for successful underfloor air distribution (UFAD) systems. Featured will be Fred Bauman's discussion on critical design issues related to UFAD followed by an afternoon panel session featuring local designers with experience in UFAD approaches. Fred Bauman will serve as the moderator for this interactive session with workshop attendees.

**MONDAY, NOVEMBER 28, 2005**

**UBC Robson Square**

**800 Robson Street**

**Vancouver, BC**

**8:30 AM registration/breakfast**

**9 AM to 5 PM**

**Workshop earns 7 CEUs**

(or go to [www.cascadiagbc.org](http://www.cascadiagbc.org))

FRED BAUMAN is the author of the ASHRAE Underfloor Air Distribution Design Guide and has been active in examining new office designs that take advantage of flexible spaces that underfloor air can support. Bauman received his MS degree in Mechanical engineering from UC Berkeley. He is an active member of ASHRAE, serving as Chair of SPC 113-1990R, Method of Testing for Room Air Diffusion, and past Chair of TC 5.3, Room Air Distribution. He has received three ASHRAE Best Paper Awards in 1989, 1993, and 1994. In 1997, he received the ASHRAE Distinguished Service Award.

## WHO SHOULD ATTEND?

- Building and design professionals
- Financial decision-makers
- Project managers
- Building and facility managers
- Interior designers
- Landscape architects
- Anyone interested in projects that provide high-performance

## EXPERT LOCAL UFAD PANEL

Albert Bicol, Cobalt  
Geoff McDonell, Omicron  
Blair McCarry, Stantec  
Arno Tatto, KD Engineering

## COST

Member: \$125 CAD by November 16  
\$175 CAD after November 16

Nonmember: \$150 CAD by November 16  
\$200 CAD after November 16

Price includes continental breakfast, lunch and afternoon snack break.

Member pricing applies to members of CaGBC/USGBC, 100 Friends of Cascadia and ASHRAE.
