

Green Building Services

2005 COMMERCIAL GREEN BUILDING WORKSHOP AND SHOWCASE

The Leadership in Energy and Environmental Design (LEED) Green Building Rating System is a comprehensive design and assessment tool that helps architecture, engineering and construction professionals improve building efficiency and measure the sustainability of their projects. Understanding LEED is an important step for reducing a building's environmental impacts and achieving superior economic performance. Architects, engineers, facility managers and building owners who master LEED concepts and processes become knowledgeable practitioners of green design and construction. **This workshop is great preparation for LEED projects and the LEED Accredited Professional Exam.**

TUESDAY, OCTOBER 6th
Mt. Bachelor Village
Bend, Oregon

8:30 AM registration/breakfast
Workshop: 9 AM to 4 PM
Showcase: 4:30 to 6:30 PM

Lunch and Green Building Showcase included

- US Green Building Council and the LEED rating system
- Technical requirements and a credit-by-credit review of LEED
- Benefits of high-performance green building
- Strategies for reducing costs
- Green building resources for your projects
- Answers to your questions

Who should attend?

- Building and design professionals
- Financial decision-makers
- Project managers
- Building and facility managers
- Anyone interested in projects that provide high-performance

COMMERCIAL GREEN BUILDING SHOWCASE (4:30 TO 6:30 PM)

Green building is booming in Central Oregon, with some of the area's largest and most influential developers, contractors and designers leading the way. The Showcase will include a vendors and projects expo, where Central Oregon building industry professionals can showcase their products, services and projects. The showcase will include hor d'oeuvres and a no host bar.

Showcase registration is \$15; free to Building Green Council and USGBC members.

(or go to www.3estrategies.org)

CO-PRESENTERS

Katrina Shum-Miller, Green Building Services and Glen Gilbert, Cascadia Region Green Building Council

WORKSHOP COST

Member: \$250 by October 1
\$300 after October 1

Nonmember: \$275 by October 1
\$325 after October 1

Member pricing is for USGBC, 3E Strategies' Building Green Council members and employees of nonprofit organizations.

Price includes continental breakfast, lunch, afternoon snack break and entrance to the Showcase.
