BUILD IT LEED!

A CONTRACTORS' GUIDE TO GREEN BUILDING

This workshop provides construction managers, general contractors, and builders with a complete, step-by-step process for managing the construction of Leadership in Energy and Environmental Design (LEED) Rating System projects from preconstruction to documentation. This training will get you and your company ready to implement LEED on your next project, including preparation of the LEED documentation required from contractors.

WEDNESDAY, OCTOBER 12, 2005
NHS Hall, University of Washington
3501 NE 41st Street, Seattle

8 AM to 12 noon
7:30 AM is registration/breakfast

12 to 1 PM, contractor-led tour of Merrill Hall
Workshop earns 3 AIA HSW Credits

(or go to www.cascadiagbc.org)

At this training, you will:

- Understand why LEED is so important in the construction marketplace.
- Learn the 17 points in LEED that every contractor can influence.
- Understand the complete management process for constructing a LEED project from preconstruction through documentation.
- Practice planning and documenting key LEED credits.
- Gain insight on difficult issues that can present a challenge on LEED projects.
- Receive a discount on "Build it LEED!" contractor toolkit.

INSTRUCTORS

ANN SCHUESSLER, Director of Sustainable Building Practices, The Rafn Company
ELIZABETH POWERS, Project Manager, O'Brien & Company, Inc.

"BUILD IT LEED!" TOOLKIT

The Toolkit provides a complete step-by-step process of LEED project management from preconstruction through documentation including checklists for each phase, prepared forms for working with subcontractors and tools for preparing LEED documentation. The Toolkit also includes blank forms and tools on CD, ready to put to work on your next LEED project.

Separately priced with discount for workshop attendees!

COST

Member: \$150 by October 5
\$200 after October 5
Nonmember: \$175 by October 5
\$225 after October 5

Member pricing is for USGBC/CaGBC, Associated General Contractors and employees of nonprofit organizations.
